# E3 3" BOLTED PUMPS

With the Exclusive ELIMA-MATIC® Air Valve System

Introducing the **E3 3" Bolted Pump**, the latest edition to the Versa-Matic line of Elima-Matic leak-free bolted pumps.

The new E3 Bolted Pump handles 3/4" solids, and features ANSI/DIN flange inlet and discharge manifolds. The diaphragms are bead style and will interchange with our E3 Clamp Band Pump. In addition, the manifolds have a **cast-in boss** on each side for draining purposes.

**150 lb. Class 3" ANSI/DIN Flange**

**Cast-in Boss**

**Increased Flow Design**

**3M® Muffler**

**Air Valve System.** Pioneered by Versa-Matic in 1993, this patented system virtually eliminates intermittent pump stalling caused by air valve system freeze-ups.

Currently available in 316 Stainless, this pump will also be offered in Aluminum and Hastelloy construction. Consult your authorized distributor for more details.
